WHO WE ARE

We are a company with more than 20 years of history in the extraction sector. In addition to researching and clearing areas with unique geological formations, we practice our contemporary vision of mining through production processes, combining experience with a lot of technology, sustainability and innovation

QUEM SOMOS

Somos uma empresa com mais de 20 anos de história no setor da extração. Além da pesquisa e desbravamento de áreas com formações geológicas únicas, praticamos nossa visão contemporânea da mineração através dos processos produtivos, unindo experiência à muita tecnologia, sustentabilidade e inovação.

OUR MATERIALS

Our stones have great acceptance in the market, being commercialized all over the world. Currently, we have 7 large quarries of exotic materials, including schists, quartzites and granites. In addition to presenting a unique beauty, our ornamental stones also have a large presence of crystals and feldspars, which makes them even more desirable.

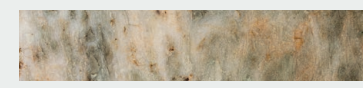

NOSSOS MATERIAIS

Nossas rochas possuem grande aceitação no mercado, sendo comercializadas no mundo todo. Atualmente, possuímos 7 grandes jazidas de materiais exóticos, dentre xistos, quartzitos e granitos. Além de apresentarem uma beleza única, nossas rochas ornamentais também possuem grande presença de cristais e feldspatos, o que torna as pedras ainda mais desejadas
